

# MLOps Best Practices / MLOps

Page 1

Reliability • Monitoring • Release • Governance

Disclaimer: This document is a practical template and does not constitute legal, compliance, or financial advice. | 

## Key practices:

- Version code, data, models, prompts/config
  - Reproducible pipelines (train/eval/deploy)
  - Monitoring: system + data + quality
  - Safe releases: canary/shadow/rollback
  - Clear ownership: on-call + runbooks
  - Security: least privilege, secrets, audit logs
  - Cost controls: budgets, limits, caching where safe
